Strategic Consulting

With cross industry and global expertise - IAS not only advises on the correct strategy but also helps with end-to-end implementation

Understanding the current process

In order to gain insights of the current business processes the IAS team undertakes a thorough evaluation of the processes in place

Conducting a gap analysis

The understanding gained on current processes is mapped with industry best practices to identify the list of process gaps

Re-engineer processes

Revamp and help clients implement new strategic processes with tools such as effectiveness audits, change management, people management, KRI reviews, redefined SoP's, employee training and stakeholder management

Cross Border Strategic Initiatives

Helping our clients find cross border opportunities via our network of professionals

Industry Expertise

Our industry experts have decades of experience at global companies

Financial Services

We provide services to Banks, Asset Managers, Insurance Cos, Pension Funds, Hedge Funds, Discount Brokers, Fintech and Private Equity.

Corporate Services

We provide management consulting services with industry beating expertise in ecommerce, pharma, hospitality, real estate, natural resources, forest products and tech.

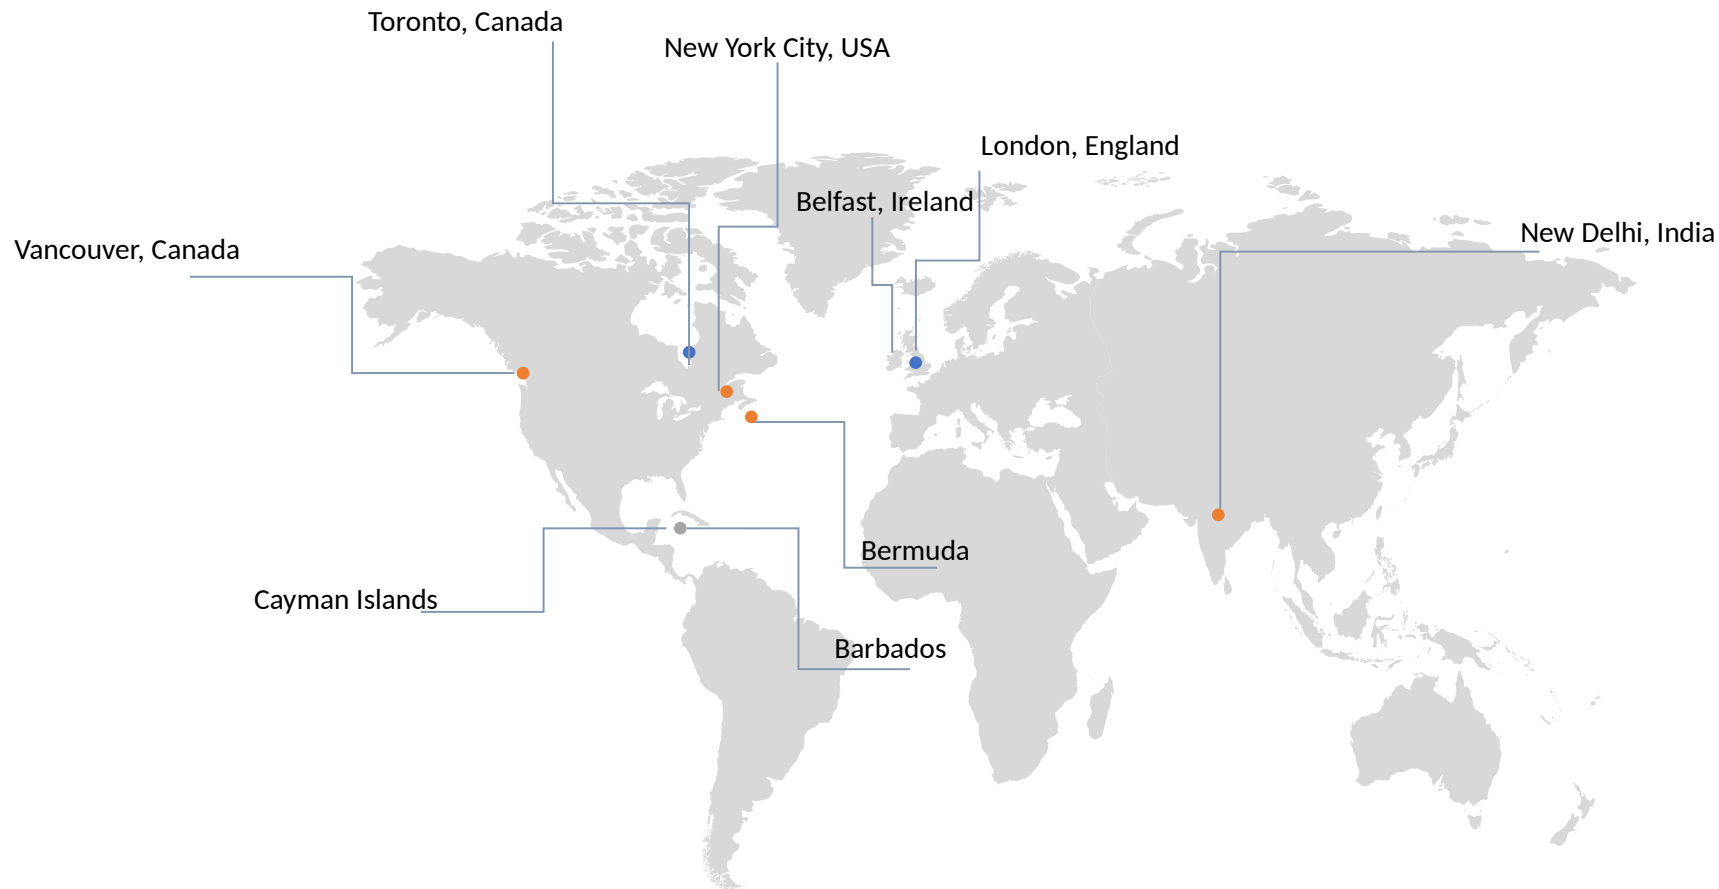

Non - Profits

We help clients implement new operational processes with tools such as digitization, online payments, change management, people management, training and regulatory compliance.
